RESIDENTIAL PRE-POWER REQUEST

Date: _____

Project Name _____ **Property Address** _____

Building Permit # _____ **Electrical Permit #** _____

In consideration for authorizing the appropriate utility company to energize the facility, we agree with and understand the following:

1. The facility shall NOT be occupied until a Certificate of Occupancy has been issued.
2. If the City hereafter finds the facility has been occupied before a Certificate of Occupancy has been issued, the City will have the unilateral right to direct the utility to terminate electrical service without notice. Furthermore, we understand and agree should the City exercise such right, the City will NOT be responsible for any damages or costs which may result from the exercise of such right. Also, in the event any third party claims damages from the exercise of such right, we agree to jointly and individual indemnify and hold harmless the City from all such damages and cost, including attorney's fees.
3. The building or structure shall be weather tight and secure. The electrical wiring in the area designated for pre-power shall be complete and in safe order. All electrical services associated with the area will be 100% complete unless specifically approved by the electrical inspector.
4. Interior electrical rooms shall be lockable, if electrical panels are in an area that cannot be locked by doors, the panels shall be equipped with a locking mechanism. The licensed electrical contractor or their licensed representative shall hold the key(s) for access to the electrical panels to prevent energizing circuits other than those that are safe.
5. This Pre-Power agreement is valid for a maximum of 180 days from the approval day.
